GOVIND PATEL

Product Designer (UI/UX)

Pune, Maharashtra, India | govind28patel@gmail.com | LinkedIn

SUMMARY

Product Designer (UI/UX) with hands-on experience designing end-to-end digital experiences, from user flows, information architecture and wireframes to high-fidelity prototypes and reusable design systems in Figma. Experienced in translating complex technical content into intuitive, user-centered interfaces, collaborating with cross-functional teams of engineers, product owners and subject matter experts in Agile environments. Strong foundation in visual hierarchy, typography, interaction design and design QA.

SKILLS

UX Process: User-Centered Design, Design Thinking, User Flows, Information Architecture, Wireframing, Interactive Prototyping, Heuristic Evaluation

UI Design: High-Fidelity UI Design, Interaction Design, Micro-interactions, Responsive Design, Typography & Visual Hierarchy, Accessibility (WCAG)

Design Systems: Component Library, Auto Layout, Variants, Style Guides, Design QA, Brand Identity

Collaboration: Developer Handoff, Agile/Scrum, Cross-functional Teamwork, Stakeholder Management, Design Critiques

Tools: Figma, FigJam, Adobe Photoshop, Illustrator, InDesign, After Effects, Sketch

EXPERIENCE

UI/UX Designer, Tata Technologies

Pune, Maharashtra, India | Jun 2023 - Jun 2024

- Improved navigation and ease of use across e-learning modules and digital training manuals by restructuring **information architecture** and **user flows** and designing **interactive wireframes** in **Figma**.
- Increased design consistency and reduced rework across multiple training programs by building a reusable **component library** in Figma using **Auto Layout**, **variants** and shared **style guides**.
- Accelerated stakeholder sign-off on **high-fidelity prototypes** by running iterative **design reviews** with subject matter experts and product owners and incorporating their feedback into each revision.
- Reduced UI defects after implementation by preparing clear **developer handoff** specifications and leading **design QA** reviews for layout accuracy, typography and visual hierarchy.
- Improved learner comprehension and engagement in technical training programs by designing **micro-interactions**, graphics and animations using **Adobe Creative Suite** and **After Effects**.
- Delivered multiple concurrent design projects on tight deadlines within **Agile** workflows by collaborating closely with **cross-functional teams** of engineers, product owners and subject matter experts.

EDUCATION

M.Des, UI/UX Design | Ajeenkya DY Patil University | 2025 - 2027 (Expected)

BSc, Animation and Multimedia | Arena Animation | 2021 - 2024

Higher Secondary School (Commerce) | Sunbeam Academy | 2020 - 2021
